

About PwC:

At PwC, our purpose is to build trust in society and solve important problems. With offices in 156 countries and more than 295,000 people, we are among the leading professional services networks in the world. We help organizations and individuals create the value they are looking for, by delivering quality in Assurance, Tax and Advisory services.

At PwC India, our focus is three-fold. First, we commit to build trust by bringing together our capabilities to better serve the needs of our clients, as they seek to build trust with their stakeholders. Secondly, by bringing together our capabilities to enable our clients to create sustained outcomes through solutions that are human-led and tech-powered. A focus on Quality underpins each commitment we make for our clients. Last but not the least, through the PwC India Foundation, we aim to make a positive difference in the communities we live in. At the core of all that we strive to achieve is our people - our community of solvers, who come together in unexpected ways to make outcomes that matter.

In a world of technological disruption, we aim to enable our clients to build a secure digital ecosystem by increasing capabilities in emerging technologies, cloud, and analytics, among others. While doing all this, we remain a conscious organization and that is reflected through our Corporate Responsibility efforts, our Net Zero journey and our ESG capabilities.

At PwC India, it's all about One Opportunity. Many Possibilities. A role with us can provide you opportunities to apply your skills beyond the workplace to create ground-breaking solutions for clients and our communities. Find out more and tell us what matters to you by visiting us at www.pwc.com.
